## A Thing of Beauty

**THE PARTY** A spectacular evening unfolded at the official launch of BUCKY PLUS MEMBERSHIP, hosted by Dr. Louis P. Bucky on April 24. In celebration of his new membership, offering exclusive savings on their latest and most advanced aesthetic treatments for one low monthly payment, every inch of the Bucky Body Center was adorned with elegant green and white floral arrangements. As attendees explored the live demos—from nonsurgical services like injectables and Arctic Chamber Cryotherapy to skincare analysis with Visia Skin Analysis System—they indulged in Schulson Catering's signature tequila cocktails and bites from Sampan and Double Knot. **THE GUESTS** Aesthetic enthusiasts, Bucky supporters and advisory board member at Fulton Bank, Mark Nicoletti, gathered alongside associates from the Four Seasons Hotel Philadelphia at Comcast Center, The Ritz-Carlton, Philadelphia and The Laurel to celebrate. **THE PINNACLE** Dr. Bucky took center stage with a live-streamed Q&A session discussing membership perks, surgical procedures and other aesthetic treatments.
